

MODULAR WALL WASHER SYSTEM

Picture				
Features	<p>1. Each model can be connected easily and assembled different powers and shapes. for example: Corner light, Wall washer light, projection light, tunnel light, high bay light, street light etc. It can Meet different requirements of customers.</p> <p>2. Single module could be sold, 6W / Module. It is easy to transport because of the small volume, which could also reduce the transportation cost and reduce the damage caused during the transportation.</p> <p>3. Excellent heat dissipation: modular heat source and cellular heat-sink could strengthen air convection.</p> <p>4. If single module is broken, other modules could also work. It would be disassembled and maintained easily.</p> <p>5. Installation types: Ceiling, suspension, wall, pedestal ,etc</p> <p>6. Designed by our engineers , We are the sole owners. So we could control good quality step by step.</p> <p>7. Widely application: building outer wall, bridge, tunnel, landscape, street, walkway, corner of the wall, workshop, warehouse etc lighting.</p>			
Specifications	Size(mm)	130 x 50 x 65mm	LED Brand :	Osram LED
	Power (W) :	6W ± 10%	Beam Angle:	15/ 30/ 45/ 60/ 20*60
	Input voltage:	AC90-260V/DC24V	CRI:	More than 85%
	Power Factor	More than 0.95	CCT:	2700-6500K(W/WW)
	Lumen:	100-130LM/W	Current :	300MA
	LED color:	W/WW/R/G/B/Y/RGB	Material:	Aluminum +Acrylic lens + PC cover
	Working Temperature:	-40 ⁰ - + 50 ⁰	Delivery Time	25 days
